

"We called many companies that were unable to help us. Rowell's Services came right away and made us their customers instantly. We are so happy for all the hard work from Alex and his crew to repipe our whole sewer system. Thank you for superior work, Rowell's Services are the best!"

— Marthalee P.

"I was very pleased with my service. Doug was very professional and knowledgeable. He took time to explain the issue thoroughly and show me on his camera. Guys were very respectful of keeping the floor clean. They wore shoe protectors when going in and out of the house and cleaned up any mess in the bathroom. The communication with scheduling was also very good. It was a pleasure dealing with your company!"

— Sue H.

"We called Rowell's Service for an emergency pump out of our septic system. Tricia in the office was extremely helpful and very pleasant and explained all the details. She arranged for prompt service. Duane and a helper arrived within a short time and did a great job fixing our system. We highly recommend this company. Everyone was very helpful and went out of their way to give us good service!"

— June K.

"We had an excellent experience with Rowell's. We arrived up to our house up in New Hampshire with our baby. We arrived with no heat. We called Rowell's and they were excellent. Answered the call right away, call center rep was excellent, knew exactly what she was talking about. Asked me some troubleshooting questions. Very quickly was able to get a service tech dispatched out to our home. Cam the service tech showed up on time. I was communicated too every step of the way. He was pleasant, very informative and quickly solved our problem. We will certainly use Rowell's again!"

— Craig H
